

Fresh DEODORISER CONCENTRATE

CANDY DISINFECTANT/DEODORISER

- **Kills bacteria**
- **Neutralises unpleasant odours**
- **Leaves a long-lasting, fresh fragrance**

A candy disinfectant and deodoriser concentrate based on a synergistic blend of active biocides for guaranteed results as an air reconditioner.

USES

An opaque blue liquid that incorporates specially selected candy fragrances, Fresh Deodoriser Concentrate kills odour producing bacteria and fungi, neutralising unpleasant odours.

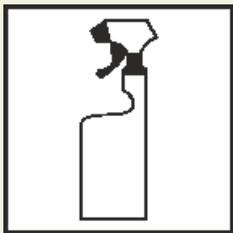

Recommended for use in washroom areas: floors, toilets, urinals, drains and cisterns. Deodoriser Concentrate is also highly effective on waste and rubbish bins, rubbish carts, waste disposal chutes, carpets and entrance matting.

Suitable for use in nursing homes, airports, shops, hotels, nightclubs and many other public buildings.

DIRECTIONS

Dilute FRESH DEODORISER CONCENTRATE in a trigger spray according to the job.

For air conditioning, FRESH DEODORISER CONCENTRATE can also be used undiluted for ease of use.

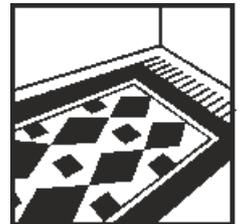

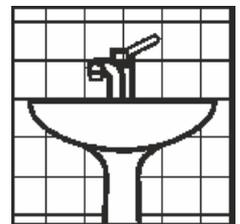

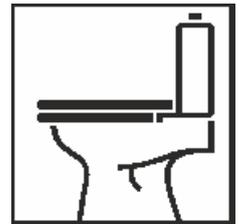

Use biocides safely.
Always read the label and product information before use.
