## Tech Specs

- Voltage (1 phase): 230 V
- Frequency: 50 Hz
- Protection class: IP 44
- Insulation class: Class I
- Rated power: 2 kW
- Airflow without hose: 5.200 L/min
- Vacuum max: 21 kPa
- Sound pressure level: 74 dB(A)
- Container capacity: 37 L
- Main filter area: 16.000 cm<sup>2</sup>
- Inlet: 50 mm
- Dimensions (LxWxH): 56x57x101,5 cm
- Weight: 38 kg

## Features

The #General Cleaning vacuum cleaner is the excellent balance among efficiency compactness and price. Compact and powerful, it's already equipped with an industrial cleaning accessories kit, ideal for cleaning spacious areas, both on floor and difficult spots. Consisting of a 5 meter polyurethane hose, and a complete set of single accessories, this kit lets you clean areas quickly and effectively. Thanks to the numerous elements (handgrip, wheeled floor nozzle, cone, flat-tip crevice nozzle, etc.) it is extremely versatile. Using this industrial vacuum means getting a cleaner working environment in few minutes.
