

Divosan AlcoSpray

VT10

General purpose liquid disinfectant for surfaces

Description

Divosan AlcoSpray is a ready-to-use spray disinfectant for use in general surfaces, including in the food, beverage and dairy industries

Key properties

- Divosan AlcoSpray is an alcohol-based disinfectant also containing low levels of organic sequestrant and quaternary ammonium compound (QAC). It is specially formulated for direct application to surfaces when it is impossible or undesirable to use large amounts of water-based products. It is effective against most vegetative forms of micro-organisms including Gram-positive and Gram-negative bacteria and yeasts.
- Divosan AlcoSpray is safe for use on surfaces including food contact surfaces and evaporates rapidly, leaving virtually no residue. It is recommended for use in high-risk areas to clean and disinfect conveyors, fillers and other equipment after small product spillages etc. It can also be applied during mid-shift breaks to maintain a good standard of hygiene until production is restarted again.
- Divosan AlcoSpray is suitable for use with the spray applicator provided or using a clean dry cloth or tissue.

Benefits

- Ready-to-use, supplied with spray applicator
- Especially suitable for moisture-sensitive areas
- Effective broad-spectrum activity
- Disinfects after minor product spills
- Low residue

Use instructions

Divosan AlcoSpray is used undiluted and applied by spraying onto surfaces then leave to dry

Always rinse thoroughly after use.

NB. Avoid spraying near to motors or other unprotected electrical equipment.

Divosan AlcoSpray

VT10

Technical data

Appearance: Clear, colourless liquid

pH value (neat): 7

Relative density (20°C): 0.96

Chemical Oxygen Demand (COD): 564 gO₂/kg

Nitrogen Content (N): None

Phosphorous Content (P): None

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Store in original closed containers, away from sunlight and extremes of temperatures. Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet.

Product compatibility

Divosan AlcoSpray is safe when applied as recommended for use on materials commonly found in the processed food industry. Always rinse surfaces thoroughly after use. In the event of uncertainty, it is advisable to evaluate individual materials before any prolonged use.

Test method

Not applicable.

Microbiological data

EN1276/EN13697: effective against bacteria at 50% dilution in distilled water, low soil (0.03% bovine albumin) and 5 minutes contact time.

EN13697/EN1650: effective against yeast at 50% dilution in distilled water, low soil (0.03% bovine albumin) and 15 min contact time.
