SAFETY DATA SHEET

SUPER ABSORBENT FLOOR DRESSING

1. PRODUCT INFORMATION

Product Name: Super Absorbent Floor Dressing
Product Number 7899
Supplier Reference: GHS22032 / ZZ0097
Supplier: Hugh Crane Cleaning Equipment Ltd
South Walsham Road
Acle, Norwich, Norfolk
Telephone: 01493 750072 Fax 01493 751854

Relevant identified uses of the substance or mixture and uses advised against

Identified Uses: Industrial absorbent.

2. HAZARDS IDENTIFICATION

Classification of the Substance or Mixture

Classification

Physical and Chemical Hazards: Not classified.
Health Hazards: Not classified.
Environmental Hazards: Not classified.
Classification (67/548/EEC OR1999/45/EEC): Not classified.

Label elements

Hazard Statements: NC Not Classified
Supplemental label information: EUH210 Safety data sheet available on request.
Other hazards: This product may generate dust during handling and use. This product may contain Quartz (Crystalline Silica). Long Term overexposure to Crystalline Silica dust may cause Silicosis.

3. COMPOSITION / INFORMATION ON INGREDIENTS

4. FIRST AID MEASURES

Description of All First Aid Measures

General Information: Treat Symptomatically.
Inhalation: Allow resting in a well ventilated area if high concentration is inhaled and or mechanical irritation or discomfort occurs. See medical attention if irritation persists.
Ingestion: Symptomatic treatment and seek medical advice in case of prolonged discomfort.
Skin Contact: Wash skin thoroughly with soap and water or use an approved skin cleanser.
Eye Contact: Rinse with plenty of water. Seek medical advice if irritation persists.

Most important symptoms and effects, both acute and delayed

General information: Mechanical irritation.

Indication of any immediate medical attention and special treatment needed

Notes For The Doctor: Treat Symptomatically.

5. FIRE FIGHTING MEASURES

Suitable Extinguishing Media: Water spray, carbon dioxide, dry powder or polar resistant foam.
Unsuitable Extinguishing Media: Do not use water jet as an extinguisher as this will spread the fire.

Special Hazards Arising From Substance/Mixture

Hazardous Combustion Products: None under normal conditions.

Advice for Firefighters

Protective actions during firefighting: No specific fire-fighting precautions known.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Eqpt & Emergency Procedures Avoid inhalation of dust. Ensure suitable respiratory protection is worn during removal of spillages in confined areas.
Environmental Precautions: Do not discharge into drains or watercourses or onto the ground.
Methods and Material For Containment And Clearing Up: Scoop up or vacuum soil spillages if appropriate. Use gentle water spray to dampen down. Ventilate area and wash spill site after material pick up is complete. Dispose of in accordance

Print Date 09/05/16

Reference to Other Sections: with local regulations.
For waste disposal, see Section 13.

7. HANDLING AND STORAGE

Precautions for Safe Handling: Avoid inhalation of dust and contact with skin and eyes.
Conditions for Safe Storage Store in a dry place. Keep separate from food, feedstuffs, fertilisers and other sensitive
Including Any Incompatibilities: material. Keep only in the original container
Storage Class: Miscellaneous hazardous material storage.
Specific End Uses: The identified uses for this product are detailed in Section 1.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control Parameters

Exposure Controls

Appropriate Engineering Controls: Provide adequate ventilation. Observe Occupational Exposure Limits and minimise the risk of inhalation of vapours.
Eye/face protection: Wear approved safety goggles.
Hand protection: Wear chemical resistant gloves when handling the undiluted product or when in prolonged or repeated contact with the diluted product.
Other skin and body Protection: Wear suitable clothing as protection against splashing or contamination. Wear apron or protective clothing in case of contact.
Hygiene measures: Wash contaminated clothing before reuse.
Respiratory protection: Use air-purifying respirator if airborne dust concentration is above exposure limits.
Thermal hazards: Not anticipated under normal conditions of use.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance: Granular
Colour: Pink
Odour: Odourless.
Relative density: -2 @ 15.5°C
Solubility(ies): The product is insoluble in water.

Other information

10. STABILITY AND REACTIVITY

Reactivity: There are no known reactivity hazards associated with this product.
Chemical Stability: Stable under normal ambient temperatures and when used as recommended.
Possibility of Hazardous Reactions: Unlikely to occur under normal conditions of use. Will not polymerise.
Conditions to Avoid: There are no known conditions that are likely to result in a hazardous situation.
Incompatible Materials: No specific material or group of material is likely to react with the product to produce a hazardous situation.
Hazardous Decomposition Products: There are no anticipated hazardous decomposition products associated with this material.

11. TOXICOLOGICAL INFORMATION

Information on Toxicological Effects

Respiratory sensitisation: May cause irritation to the respiratory system.

Carcinogenicity: This material may contain quartz (crystalline silica). In 1997, IARC concluded that the respirable fraction of crystalline Silica inhaled from occupational sources can cause lung cancer in humans. However, it pointed out that not all industrial circumstances, nor all crystalline Silica types, were to be incriminated. (IARC Monographs, Vol 68)
In June 2003, the EU Scientific Committee on Occupational Exposure Limits (SCOEL) concluded the main effect in humans of the inhalation of respirable crystalline Silica dust is Silicosis. There is sufficient information to conclude that the relative risk is increased in persons with Silicosis. Therefore preventing the onset of Silicosis will also reduce the cancer risk. (SCOEL SUM Doc 94-final, July 2003)

Reproductive toxicity – fertility: No data available to suggest the product will cause reproductive toxicity.

Skin contact: Powder may irritate skin.

Eye contact: Dust in the eyes will cause irritation.

12. ECOLOGICAL INFORMATION

Toxicity No adverse effects are known.
Persistence and degradability: Not biodegradable.
Bioaccumulative potential: Will not bio-accumulate.
Mobility in soil: Not considered mobile.
Results of PBT and vPvB assessment: Not available.
Other adverse effects: Avoid contamination of soil, groundwater and surface water.

13. DISPOSAL CONSIDERATIONS

Waste Treatment Methods

General Information: Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority.
Waste class: European Waste Catalogue (EWC) number = 13 08 99* (waste not otherwise specified)

14. TRANSPORT INFORMATION

General: This product is not covered by international regulation on the transport of dangerous goods (IMDG, IATA, ADR/RID)

UN No.:

UN Proper Shipping Name:

Transport Hazard Class(es):

Packing Group:

Environmentally Hazardous Substance/Marine Pollutant:

Special Preparations for User:

Transport in Bulk According to Annex of MARPOL 73/78 and the IBC Code: Not applicable.

15. REGULATORY INFORMATION

Safety, Health & Environmental regulations/legislation specific for substance/mixture

National regulations: Health and Safety at Work etc. Act 1974 (as amended).

EU legislation: Dangerous Preparations Directive 1999/45/EC.
Dangerous Substances Directive 67/548/EEC.
Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures (as amended).
Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) (as amended).

Guidance: Safety Data Sheets for Substances and Preparations.

Chemical safety assessment: No chemical safety assessment has been carried out.

16. OTHER INFORMATION

Revision Date: 23rd November 2015

This information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process. Such information is, to the best of the company's knowledge and belief, accurate and reliable as of the date indicated. However, no warranty guarantee or representation is made to its accuracy, reliability or completeness. It is the user's responsibility to satisfy himself as to the suitability of such information for his own particular use.
